

September 16, 2020

The District is seeking bids to make install a fence to encompass our property located at 930 Hyak Drive. A site plan document and fence detail document are attached with the building specifications. Bidders may set up an appointment to view the site and discuss the installation.

General overview of the fence details and installation (see site plans for exact specifications):

Approx. 1,225' of eight-foot chain link fence with 6 gauge fabric, and post set five feet on center and set with concrete. Gates: one 24' slide gate, two 12' swing gates, and one double swing gate.

Quotes are due by September 28th at 11am. The lowest and most responsible bidder shall be chosen. The expectation is that the work be completed by October 30th due to winter weather.

If you have any questions please contact me.

Thanks

Tom Hastings.
