

PRESS RELEASE: May 25th, 2021

AVAILABILITY OF WATER CONNECTIONS

The Snoqualmie Pass Utility District Board of Commissioners voted to open an allocation process for the issuance of certificates of water availability and water connections effective June 1, 2021 at 8:00 a.m. The District has **69.43** equivalent residential units (ERUs) available to allocate to parties who need water availability certificates or water connections, and related sewer service. The Available ERUs will be made available by the District through a periodic allocation as further described below. **The District will start receiving applications for ERUs starting June 1st, 2021, at 8:00 a.m. and end accepting applications on Monday, June 14th, at 1:00 p.m.**

The District office remains closed due to COVID-19. Please submit application electronically or use the drop box located at the office.
