WATER SYSTEM PLAN – INFORMATIONAL MEETING

An informational meeting to review and discuss the 2022 water system plan will be held at the next regularly scheduled board meeting on February 28, 2022, starting at 6 p.m. The purpose of this meeting is to give customers an opportunity to provide input on the water system planning process. All interested persons are encouraged to attend. The water system plan can be reviewed at the District office or online. Please email or mail your comments to the District or you may also choose to comment at the meeting.
